

AIYSHA AYMEN

Aspiring Software Developer

+91 8428135800 | aiyshaaymen1@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Tamil Nadu, India

PROFESSIONAL SUMMARY

Final-year Information Technology student with a strong foundation in software development, data structures, algorithms, and object-oriented programming. Skilled in programming, application development, database management, and problem-solving. Experienced in building academic projects using modern technologies and passionate about creating efficient software solutions. Eager to apply technical skills, contribute to impactful projects, and grow as a software professional.

EDUCATION

Bachelor of Engineering in **Information Technology**

Nandha Engineering College, Tamil Nadu

Expected Graduation: 2027

CGPA: 8.0+

TECHNICAL SKILLS

Programming Languages: Java, Python, C

Web Technologies: HTML, CSS, JavaScript, React

Database: MySQL, SQL

Tools & Platforms: Git, GitHub, VS Code

Core Concepts: Data Structures, Algorithms, Object-Oriented Programming

PROJECTS

Student Management System | Java, MySQL, JDBC

- Developed a desktop-based Student Management System using Java to manage student records efficiently.
- Implemented database connectivity using MySQL and JDBC for storing, retrieving, updating, and managing student information.
- Designed features for adding, searching, updating, and deleting student details with an organized user interface.
- Applied object-oriented programming concepts to build a structured and maintainable application.

Expense Tracker Application | Java, MySQL

- Developed a Java-based expense tracking application to help users manage and monitor daily expenses.
- Implemented features for recording expenses, managing financial data, and maintaining organized transaction details.
- Integrated database operations using Java and MySQL for efficient data storage and retrieval.
- Improved understanding of application logic, database management, and software development practices.
